BASIC ELIGIBILITY
- Age 18 to 35
- Be a US citizen or legal resident
- Have a strong interest – or relevant experience – in areas pertaining to science, technology, engineering, natural resources, or other related fields
- African American, Alaskan Native, Asian, Latino/Hispanic, Native American, Native Hawaiian/Pacific Islander, and mixed race students and recent graduates are strongly encouraged to apply

PROGRAM OBJECTIVES
- Encourage diverse youth to study and pursue careers in STEM fields
- Introduce program participants to science careers in the National Park Service
- Increase relevance, diversity, and inclusion in the NPS workplace

Applications will be reviewed and rated according to the following criteria - relevant educational and work experience, oral and written communication skills, maturity, professionalism, technical knowledge and expertise, evidence of adaptability and adventurousness, and ability to work effectively with diverse audiences. Final candidates will undergo a background check before beginning their assignment.

SELECTION CRITERIA

TIME FRAME
- Applications will be accepted December 1, 2017 - February 4, 2018.
- Top candidates will be selected for interviews.
- Placement decisions will generally be made by April.
- The paid 12-week internship period will begin in May or earlier and conclude in August 2018, depending on specific requirements of the project site.

Mosaics participants have the opportunity to work at national parks and gain valuable work experience. Interns are paid a stipend, and all travel costs and housing or housing costs are provided for the duration of the project.
