Assistant Professor
Forest Wildlife Ecology and Management
Department of Natural Resource Ecology and Management
Division of Agricultural Sciences and Natural Resources
Oklahoma State University

Description:
The Department of Natural Resource Ecology and Management (NREM) at Oklahoma State University invites applications for a full-time, eleven-month, tenure-track position (75% research and 25% teaching) in forest wildlife ecology and management. Approximately 28% of Oklahoma is forested and these forests include a number of forest types including: oak/hickory, shortleaf pine/oak, loblolly pine, oak woodland, juniper woodland, and riparian. These forests provide wildlife habitat, wood products, recreation, and other ecosystem services to the region.

We are seeking a candidate that can contribute to and expand our research program in the ecology and management of forested systems of Oklahoma, with an emphasis on wildlife-forest habitat relationships. Broadly, we are seeking a candidate whose research bridges forest and wildlife ecology and management. We are open to applicants with all areas of interest related to wildlife-forest habitat relationships. The faculty member is expected to work closely with multidisciplinary faculty in forest, wildlife, range, and other natural resource disciplines to meet the needs of diverse stakeholder groups. Additionally, we are seeking a candidate that will be able to complement and strengthen the needs of our wildlife teaching program. Specific courses taught will be based on the candidate’s expertise and needs of the department. The successful candidate will also assist with undergraduate advisement.

Qualifications:
Requirements include a Ph.D. in wildlife ecology and management (with experience in managing forested systems), or forest ecology and management (with an emphasis in wildlife ecology and management), or related field. Candidates should have knowledge of forest wildlife habitat relationships related to forest management. Documented evidence of effective oral and written education skills, an understanding of the land-grant mission, and a strong interest in working with landowners, stakeholders, and land management agencies is required. Evidence of the ability to conduct both independent and collaborative programs with other faculty and natural resource professionals, to develop and maintain an active research program, to publish peer reviewed manuscripts, and to seek and secure extramural funding to support a research program is required. The candidate should also have the ability to develop an effective teaching program and mentor students.

Application Procedures:
Applications must be submitted online at: https://okstate.csod.com/ats/careersite/search.aspx?site=8&c=okstate (search by keyword req7333)

Candidates should submit: 1) a letter of application that includes a brief description of the applicant’s research and teaching philosophy, 2) a complete CV that includes: background, education, experience, and a list of publications and extramural funding, 3) official academic transcripts, and 4) contact information for five (5) references. For more information about the department go to http://nrem.okstate.edu.

Review of applications will begin November 15, 2019, and will continue until a suitable candidate is identified. The position will be filled by April 1, 2020, or as soon thereafter as an outstanding candidate is available. Salary will be competitive and commensurate with education, training and experience.
Equal Employment Opportunity:
Oklahoma State University is an Affirmative Action/Equal Opportunity/E-verify employer committed to
diversity and all qualified applicants will receive consideration for employment and will not be
discriminated against based on age, race, color, religion, sex, sexual orientation, gender identity, national
origin, disability or protected veteran status. OSU is a VEVRAA Federal Contractor and desires priority
referrals of protected veterans for its openings. For more information, please
visit http://eeo.okstate.edu.
