PAWS

Wildlife Rehabilitation Internship

Description

Job Description:

Purpose of the Position:

Interns assist and support professional Rehabilitators in the daily care of wildlife patients. Interns gain valuable, practical experience in species identification and natural history, proper husbandry techniques, animal handling, tube-feeding of mammals and birds, medication administration, lab work, and other procedures. Internships are intense, physically demanding and fast-paced.

Duties and responsibilities:

- Hand-feed infant mammals (includes tube feeding)
- Set up and clean animal enclosures
- Preparing diets (includes dead prey)
- Administer daily medications
- Laundry, dishes and general cleaning
- Other tasks as required

Qualifications:

Applicants must be current college students, recent graduates or career changers, possess a strong interest in wildlife rehabilitation and be able to:

- Read, write and speak English fluently
- Work independently and as a part of a team
- Perform tedious tasks for long periods of time
- Do rigorous outdoor work in all types of weather
- Perform physically demanding tasks and lift up to 40lbs
