DR. NANCY FOSTER SCHOLARSHIP PROGRAM

Full Funding Opportunity Announcement is Now Available!

The National Oceanic and Atmospheric Administration’s (NOAA) Dr. Nancy Foster Scholarship Program provides support for master’s and doctoral degrees in oceanography, marine biology, or maritime archaeology—this can include, but is not limited to, ocean and/or coastal: engineering, social science, marine education, marine stewardship, and resource management disciplines—and particularly encourages women and members of minority groups to apply. Scholarship selections are based on academic excellence, letters of recommendations, research and career goals and
financial need.

The scholarship covers:

- tuition and a living stipend;
- travel funds to support a program collaboration at a national marine sanctuary field office or another NOAA office; and
- training in science communication, stewardship, and how to become a National Marine Sanctuary Ambassador.

To apply, each applicant must:

- be a U.S. citizen;
- pursue, or intend to pursue, graduate-level studies at a U.S. accredited institution;
- have and maintain a 3.30 grade point average; and
- maintain full-time student status for the duration of the scholarship award.

APPLICATION DEADLINE
December 6, 2019 at 11:59 pm Eastern
