SCHOLARSHIP OPPORTUNITY
APPLY NOW FOR 2020

Randy Howenstein Memorial Field Research Fund

Following his death in 1985 in Wrangell-St. Elias National Park, the family and friends of Randy Howenstein established this scholarship in his memory to support travel and field research for biology students with an emphasis on botany.

To be eligible, a student:
- Must be a full-time graduate or undergraduate student in the Biology and Wildlife Department at University of Alaska Fairbanks
- Must be in good academic standing
- Must be conducting or planning to conduct a field research project

Preference: Preference will be given to students studying botany

Award funding: An award or awards ranging from $500 to $1000 will be made at the discretion of the selection committee. Funds may be used for expenses related to field research, including transportation, supplies, equipment, software, or to pay an undergraduate technician.

Application Procedure: Submit a 400 – 600 word statement that covers the subject of your research. Specify the size of the request and how the funds will be used. Submit the statement with the rest of the Randy Howenstein Field Research Fund application, which is available online at:

http://tinyurl.com/20Howenstein

Review Process: A review committee composed of Biology and Wildlife Department faculty will make recommendations to the Biology and Wildlife Chair.

Deadline: Saturday 15 February 2020

General questions or concerns about this scholarship can be addressed to the Scholarship Coordinator, 474-7256, or via email to uaf-scholarships@alaska.edu. More scholarship information may be found at http://uaf.edu/finaid/scholarships/.

The University of Alaska Fairbanks is an affirmative action/equal opportunity employer and educational institution.
